DeepTech Startup Scaling

Scaling DeepTech Beyond Borders — Lessons from the Frontlines

10:10–10:45 | From Local Validation to Global Scale: What Breaks, What Scales

[Panelists]

**Maciej SKARUL**

Partner, ff Red & White / ff Venture Capital

Founded in 2008, **ff Venture Capital** is an early-stage fund investing in enterprise software, automation, and sustainability. ffVC backs software and hardware startups across Central Europe, helping them scale globally. Alongside ffVC, **ff Red & White**, established in 2023 with JBIC IG Partners, supports European early-stage startups in global expansion. As a Partner at both firms, **Maciej** brings over 15 years of experience in investment banking and M&A, with a professional background spanning technology and industrial sectors.

**Kar Min LIM**

Managing Director, Strategy, Gurin Energy Pte Ltd

Founded in 2021, **Gurin Energy Pte Ltd** is a Singapore-headquartered renewable energy developer. Its team of approximately 110 people across North Asia and South-East Asia is focused on the development, ownership and operation of solar, wind and BESS assets. Gurin Energy currently has 9GW of solar, wind and storage projects in various stages of development in Indonesia, Singapore, Malaysia, Thailand, the Philippines, South Korea and Japan.

**Ryo SATO**

CEO, Morus Inc.

**Morus Inc.**, founded in 2021, is a university spin-off specializing in the research, production, and commercialization of silkworm-derived bio-based materials, leveraging Japan's strengths in sericulture and nutritional science. Morus supplies functional ingredients for food and healthcare applications and develops finished products addressing lifestyle-related diseases such as diabetes. The company operates an integrated model spanning upstream research and mass production to downstream product development and sales, while expanding globally with a focus on Singapore.
